Salad:-

Skill No.	Skills Demonstrated	Importance of technical skill	Evidence
1	Organization skills	To organize our setup	No photo

2	Cutting, Dicing	To create the foundation of our salad.	 Two students wearing red and black checkered aprons over white school uniforms are in a kitchen. The student on the left is holding a clear plastic bag filled with green leafy vegetables. The student on the right, wearing glasses, is using a knife to dice small red tomatoes on a bright green cutting board. Several stainless steel bowls are on the counter, and a small white bowl contains already diced green vegetables. The background shows kitchen shelves with various items.
3	Shredding	To add some crunch	 A student in a red and black checkered apron is using a green manual shredder to shred vegetables. The shredder is placed on a green cutting board. A large stainless steel bowl is in the foreground, and another one is behind the shredder. A small white bowl contains shredded green vegetables. On the counter, there is also a green container, a red-handled peeler, and a cucumber. The background shows a kitchen counter with a small table and some kitchen appliances.

4	Roasting, cooking, time management	For adding a source of protein	
5	Shaking and mixing to make salad dressing	For Flavour
